

# CRM Reports MS

- [Release](#)
- [Release 1.13.0](#)
- [Release 1.14.0](#)

# Release

## Bugfixes:

- **WICORE-783 - Reports MS - Snyk Fix for 11 Vulnerabilities**
  - Strengthened **reporting microservice** by resolving identified **security threats**.
- **WICORE-825 - Incorrect Number of Clients in Export File**
  - Fixed an issue in the Reports Core module where the number of clients in the exported file did not match the actual filtered data, causing inconsistencies in exported reports.

# Release 1.13.0

**No changes**

# Release 1.14.0

## Features:

- WICORE-1245 - Update the Reports MS filters — after applying the fast filters, the export in the modules may works incorrectly
